Hi ,

You have just received a reply from our agent Louis:

Hello,

Like many other companies and large corporations (Volkswagen, Tesla, Sony, ...), we are suffering from the COVID-19 pandemic and the resulting worldwide shortage of semiconductors, electronic components and aluminum.

Our delivery times are therefore longer than expected. We estimate our next delivery batch around March - April. You will be kept informed of the progress of the production anyway. You'll receive an email from DHL to track your order when it'll be sent.

Do not hesitate to contact us if you have any questions, the Portabl team is here to help you.

Sincerely,

Louis
