Hi ,

You have just received a reply from our agent Lucas:

Hello, I do see your order in our data base. Due to the shortage of semi conductor we are shipping our batch by waves (as well as many other companies such as Tesla for example), the very next wave will be delivered for March 2022. But actually i do see you ordered a 13" slide. The next wave will only contain 15" slides. The 13" and 17" slides will come out later.

However, be sure that we are doing our best to reduce this waiting time, you can follow our social media to know how deliveries and Portabl. is evolving and to stay up to date with the state of the company ! You'll also find pictures and videos of us delivering our first products as well as customer's reviews !

If you have any other question just let us know!

Sincerely,

Lucas - Customer support @Portabl
